

# Professional Readiness of Graduates : The Responsibility of Teacher

# Contents

- Introduction
- Lacuna's of Students
- Fulfillments of Students Lacuna's by Teachers
- Conclusion

# Introduction

- The recent research reviews of several academic and industrial establishments state that Indian education system needs a dynamic change.
- As a result, many professional institutions remain unsuccessful in equipping their graduates for interview procedure and work environment besides making them struggle while facing the competencies in professional realm.
