Address of Applicant :Assistant Professor, Department of Pharmacognosy, Bharati Vidyapeeth College of Pharmacy, Kolhapur Near Chitranagari, Morewadi, Kolhapur, 416013 Maharashtra, India -----

(57) Abstract :

The present invention discloses to the anti-microbial and anti-fungal screening of ethanolic extract of Piper nigrum (Black pepper). Anti-microbial activity has been assessed by agar diffusion method and anti-fungal activity has been assessed by disc diffusion method. The results indicate that the black pepper extract has a potential of being used as an alternative natural anti-microbial and anti-fungal agent over the synthetic drugs for treating bacterial and fungal infections.
