Achievements of Faculty Book Publications

About the Book :

This text book is a comprehensive, user-friendly and easy to read resource on Biostatistics and Research Methodology. It is meant for undergraduate and post graduate students of medical and biomedical sciences, health researchers, research aspirants and faculty members may find it useful as a reference book. This book covers all the essential topics in research methodology, from the basics of research design to statistical analysis. It also includes a section on biostatistics, which is essential for pharmaceutical research. This book is a more general introduction to research methods, but it still has a lot to offer students in pharmacy and allied programs. It covers a wide range of topics, including research design, data collection, data analysis, and scientific writing.

About the Authors :

Dr. B. Nagashubha is Teaching Assistant at PGDCE-CPE, Maharashtra Institute of Pharmaceutical Education and Research (MIPER), Amravati, Andhra Pradesh, India. B. Nagashubha has obtained her Bachelor's degree and M. Pharmacy in pharmaceuticals from JSS College of Pharmacy, Mysuru. B. Nagashubha has 8 years of teaching & 2 years of research experience. She has published papers in reputed national and international journals. **Dr. Sachin Anandashah Nivaye** Her research area is focused on development and optimization of formulations for the treatment of tuberculosis. Currently she is pursuing PhD under Manipal Academy of Higher Education, Manipal, B. Nagashubha is a member of various professional bodies including Pharmaceutical Association (IPA), International Society for Pharmaceutical Economics and Outcomes Research (ISPEO).

Dr. Sachin Anandashah Nivaye is working as Professor at Dr. J. J. Magdum Trust's and Anil Pinte Magdum Memorial Pharmacy College, Dharamguti, Tal. Shirol, Dist. Kolhapur, Maharashtra, India. He has 27 years of academic experience. He obtained the M.Phil. in Pharm. education at Ghodsi University. He published 71 papers in different national and international journals. Methodology and Bio-Statistics

A Textbook for Research Methodology and Bio-Statistics

As per new syllabus prescribed by Pharmacy Council of India

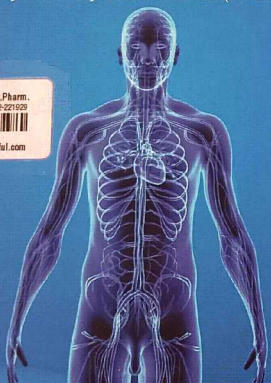

Mrs B Nagashubha | Dr. Sachin Anandashah Nivaye | Dr. Sarvjeet Kaur
Dr. Jatin Kumar Parera | Dr. Yogesh Chandra Yadav

Price: ₹ 000/-

Human Anatomy and Physiology II : A Comprehensive Text Book

Written Strictly as Per New Syllabus Prescribed By Pharmacy Council of India (BP 201 T)

Patel Minesh Kumar Ashvinkumar | Ms. Sayali Suresh Patil
Dr. Ashutosh Kumar Yadav | Mr. Deepankar Rath | Pallishree Bhukta

About the Book :

This comprehensive textbook delves into the intricate workings of the human body. Authors have provided clear and concise explanations of complex physiological processes, which are presented in an accessible manner, supported by illustrative diagrams and figures. The content provided in this book encourages students to analyze information, solve problems, and apply knowledge to real-world scenarios. This textbook aims to empower students to excel in their academic pursuits and future healthcare careers.

About the Authors :

Patel Minesh Kumar Ashvinkumar is working as an Assistant Professor, Department of Pharmacology, Saraswati Institute of Pharmaceutical Sciences, Gandhinagar, Gujarat. He has published more than 15 National and International Papers in reputed journals (SCI/ Scopus). He has held more than 12 Patents till date Granted. He has Published total 4 Books and having vast experience of nine years. He has guided various M. Pharm and Pharm. D Students. He is Serving as a Reviewer for many Elsevier's, STM & Bentham Journals.

Ms. Sayali Suresh Patil, working as Lecturer at Dr. J. J. Magdum Trust's, Anil Alias Pinte Magdum Memorial Pharmacy College, Dharamguti, Tal-Shirol, Dist- Kolhapur, Maharashtra, India. She has published 06 papers in different National and International journals. She has one book publication. She has undergone more than 18 training / FDPs. She has total 4 years of Academic Experience. She has done Master in Pharmacy (Quality Assurance).

Dr. Ashutosh Kumar Yadav is working as Associate Professor at Dr. Shakuntala Misra National Rehabilitation University Lucknow. He has published more than 22 national and international papers in reputed journals (SCI/ Scopus). He has filed 15 patents till date and out of which 12 Patents are Granted. He has Authored 5 books, 12 book chapters, and delivered several lectures in various conferences and seminars. He is involved in medical device development. He has around 10 years of Research and Teaching Experience. He has guided various students for their M. Pharm and Ph.D. research studies. He is Serving as a Reviewer for many Journals. He is also an active Member of IPGA & APTI.

Mr. Deepankar Rath is currently working as an Assistant Professor, Department of pharmacology, School of Pharmacy and Life Sciences, Centurion University of Technology & Management, Rayagada, Odisha. He has completed his M. Pharm from Biju Patnaik University of Technology, Odisha. He is pursuing Ph.D. and has 7 years of teaching experience with 4 years of Industrial experience in clinical trial and pharmacovigilance. He has published more than 10 Research and review papers in Web of Science, Scopus and Google scholar indexed national and international journals.

Miss. Pallishree Bhukta is currently working as an Assistant Professor, Department of pharmacology, School of Pharmacy and Life Sciences, Centurion University of Technology & Management, Rayagada, Odisha. She has completed her M. Pharm from Siksha 'O' Anusandhan (Deemed to be University), Bhubaneswar, Odisha. She is pursuing Ph. D. and has 5 years of teaching experience. She has published more than 08 Research and review papers in various scientific national and international journals.

Abstract :

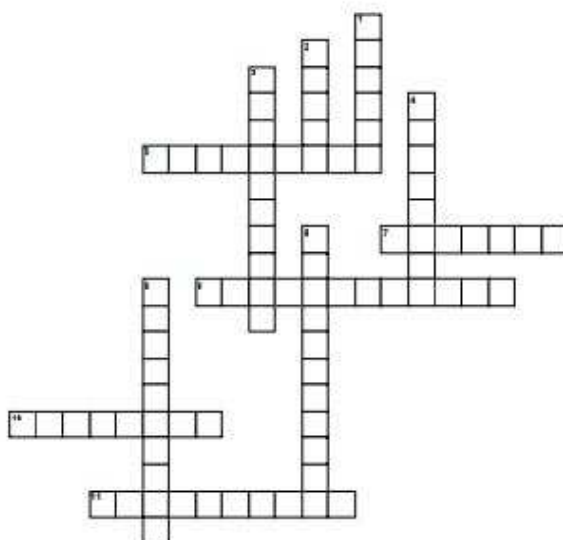

Medicinal plants can be used to treat a wide range of medical conditions. Herbal medicines are frequently used in healthcare. Artemisia pallens Well (Asteraceae) are among the most significant medicinal herbs. The plant has been used as a disease treatment by numerous different tribes. For the extraction process, aerial part of Artemisia pallens species was extracted by soxhlet extraction. The various phytochemical tests were performed. The isolated compounds were further characterized by using UV, IR, NMR and GC-MS. The anti-inflammatory activity and anti-HIV activity were evaluated by using in-vitro model. The plant belong to Asteraceae family is a rich source of bioactive compounds with therapeutic potential for a variety of medical conditions, including diabetes, infectious disorders, anaemia, stomatitis, etc

Keywords :

Artemisia pallens Well, soxhlet extraction, anti HIV, anti-inflammatory, phytochemicals, Isolation

PHARMACY PUZZLE

Pharmacy Retail

Across

- [6] A lotion or spray to protect against UV rays.
- [7] What customers receive for making a purchase at the store.
- [9] An official paper that allows patients to get medications.
- [10] Where medications are stored in a pharmacy.
- [11] The process of preparing and providing medication.

Down

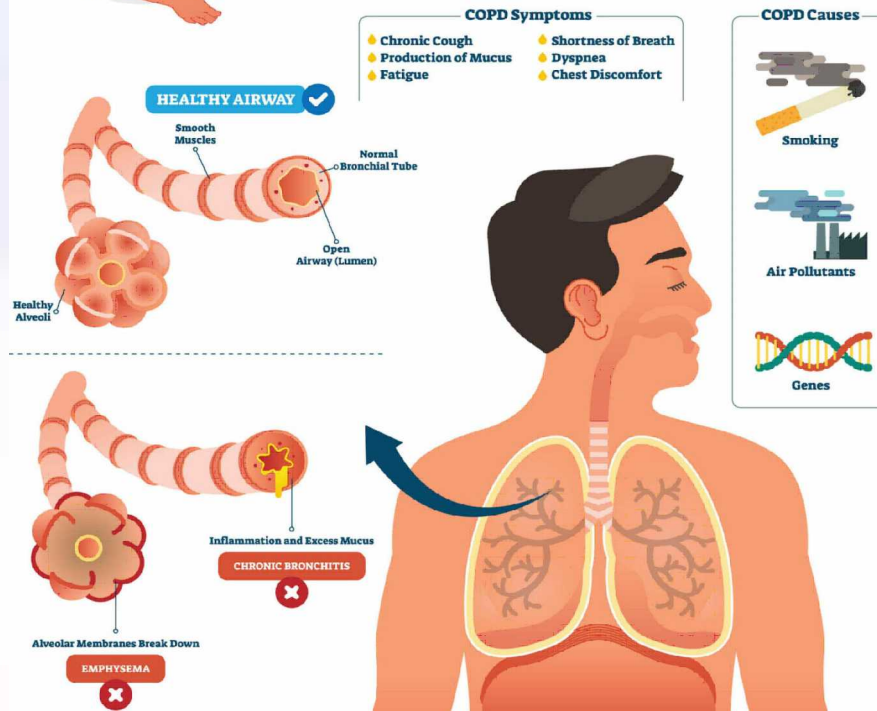

- [1] What you show to get a discount on medication.
- [2] The section of the store that sells vitamins and supplements.
- [3] A common device used to measure blood sugar levels.
- [4] Medication applied directly to the skin.
- [5] Protective shot to prevent illness.
- [8] Pharmacy team member responsible for customer service.

“Medicines cure diseases, but only doctors can cure patients.”

COPD

Chronic Obstructive Pulmonary Disease

DRUG INFORMATION CENTER (DIC)

Our department can help you with any questions you might have on the use of medicines of the patients. We can also assist you with any medication related problems you face in your daily practice. The services are made available on all working days & it is provided free of cost. We request you to avail the drug information services. For more details contact: 9890025364, 7058647722; E-mail : aapmparmacy@gmail.com , Website: www.aapmparmacy.com
